# USA PARTNERSHIP PROGRAM

## Competition increases among logistics service providers.

According to the FMCSA, the number of brokers entering into the market has increased by 30% each year over the last three years.

**USA LOGISTICS, INC.** has the financial resources, experience, and knowledge necessary to support your business.

As your partner, USA Logistics, Inc. will:

- **Provide Opportunities** for you to expand or build a brokerage business while operating under our authority, rights, credits, insurance, etc.
